61 Candles delivers Southern California's ultimate authentic Alternative 80's live-band experience, bringing the sound, atmosphere, intensity and energy of the era to life with the musicianship and credibility of players who were there when the music was happening.

Featuring members of the original Orange County multi-album alternative rock band **All The Madmen, established in 1988**, 61 Candles was formed in 2025 to celebrate the groundbreaking **Alternative Rock, Goth, Post-Punk and New Wave** movement of the 1980s — honoring the music and its legacy without reducing it to a costume act or novelty tribute.

With **over four hours of material**, 61 Candles tailors its performances to **headlining clubs, festivals, outdoor concert series, corporate events and private productions**, delivering a compelling live experience that connects with audiences across generations.

At the heart of 61 Candles are four accomplished musicians whose decades of experience and established chemistry define the band's unmistakable sound. **Glen Meredith** delivers powerful, expressive vocals with the range and versatility to bring an extensive catalog of iconic music to life. **Dave Volmer** on guitar creates the shimmering textures, melodic hooks and atmospheric edge of the genre. **Brian Stoner** on bass anchors the music with deep, melodic grooves, while **Tommy MacGregor** on drums brings the dynamics, precision and driving energy that propel every performance. Together, they capture the character and emotional impact of the original recordings while delivering a live experience distinctly their own.

No gimmicks. Just four seasoned, passionate musicians performing live, driven by powerful vocals, ethereal guitars, lush synthesizer textures and compelling rhythms. This is not simply a recreation of the music — it's a genuine celebration of the songs, artists and alternative culture that defined a generation.

Their authenticity is quickly resonating with audiences; the response has been immediate and continues to grow. In just over a year, 61 Candles has built an organic following of **more than 4,000 fans**, headlined venues and private events throughout Southern California, and shared bills with nationally recognized artists including **Missing Persons and Fitz & The Tantrums**.

For **talent buyers, booking agents and promoters**, 61 Candles offers a recognizable, highly marketable music concept backed by genuine musical credibility, a growing audience, exceptional versatility and a professional, engaging live performance suited to a wide range of venues and events.

For audiences, it's the opportunity to **reconnect with the music that shaped a generation** — and for new fans to discover why these songs remain as powerful, relevant and unforgettable today as they were when first released.

These are the songs you remember. This is the energy that made them matter. And this is how they were meant to be heard live.
